~{**A Night To Remember**}~

~Sora X Kairi~

It was a calm and marvelous evening on the shores of Destiny Islands. Snuggled up on a small sofa inside a turquoise-painted beach house was twenty one year-old Kairi and twenty two year-old Sora. Laying with her head rested upon Sora's chest, Kairi wrapped her arms around his torso and in haled a deep breath of his Hollister brand cologne. It was an intoxicating mixture of salt water and coconut. Sora planted a tender kiss on Kairi's forehead and began to arise from the warm couch.

"Where are you going?" Kairi pouted and watched her lover disappear down the dark hallway.

"Take a quick shower. I'll be out in just a minute." The red-headed girl was then left with nothing but the dead silence. She blankly stared off in the distance and heard the water begin to run from the bathroom. As she sat on the couch, she pondered to herself.

Meanwhile, Sora stood in the shower with his eyes closed and allowed the hot steamy water to pour down his face. He lathered a dime-size amount of shampoo in the palm of his hand and began to scrub his wild mess of chocolate spikes. Then, he quickly rinsed the shampoo out and watched the residue swirl down the shower's drain. He proceeded to exit the shower and quickly wrapped a towel around his bare waist. As

he swung the bathroom door open with the steam filling the master bedroom, his cerulean eyes met a pair of amethyst orbs.

"Jeez Kairi! You scared me." Sora clutched his chest and breathed heavily while Kairi stood in front of him. There was a small smirk curled on her thick lips and a spark that Sora could not quite make out in her eyes.

"Sorry."

"It's fine. Did you need in the bathroom?" Sora held on to his towel tightly while Kairi trailed his well-defined chest with hungry eyes. His entire body was nothing but hard muscle and every inch of it was damn sexy. Kairi licked her lips and traced every single one of his abs with her eyes, trailing up his muscular arms and to his broad shoulders.

"No." Kairi took a step closer, placing the tip of her pointing finger right in the center of Sora's glorious chest. She slowly glided the finger downward until she met the fabric of the towel. Sora's face was full of confusion and he exhaled a deep breath as Kairi yanked the towel down in one swift motion. Her eyes quickly glued to his rather large cock.

"You're big." She smirked up at Sora and leaned in for a passionate kiss. They quickly began to make out and their tongues battled for dominance while Kairi grasped Sora's hardening member. She pumped it with a firm grip, earning a small moan from the brunette. Their tongues entwined and Sora slid his callused hand up Kairi's thin blouse. He squeezed the cup of her B-sized bra and felt the vibrations of her small moans inside his mouth.

"I want you to take me." Kairi whispered as she pulled away with a trail of saliva attached to both of their lips.

"A-Are you sure?" Sora wrapped his strong arms around Kairi's thin hourglass-shaped waist. She felt his erect member press against the crotch of her shorts. She was instantly wet between her legs and the burning desire ran throughout her body.

"Yes. I've waited for this so long. I can't wait any longer." Sora responded by gently pushing her towards the bed and allowing her back to hit the cool mattress. He slipped her blouse over her head and peeled her shorts from her legs. Kairi now laid in nothing but her bra and lacy Victoria Secret panties. The two pieces of clothing quickly met the floor beside the bed. Sora crawled on top of his small lover and supported himself by placing his hands on either side of Kairi's head. He crashed his soft lips onto the red-headed girl's lips, harshly squeezing her breasts and earning a moan. He pressed his erection into the the crotch of her soaked panties, grinding against her with force.

"Fuck." Kairi hissed and reached up to nibble the crook of Sora's neck. It sent pleasant shivers down his muscular back and his large hand snaked down Kairi's flat stomach. She moaned uncontrollably when his fingers felt her swollen clitoris and glided farther down her wet pussy. He amusingly played with her juices, enjoying the squishy noise that filled the air. His partner moaned from underneath him and grasped his large forearm as he rubbed her small entrance.

Kairi threw her head back and let out loud noises as Sora stuck in his middle finger. Her warm and tight walls wrapped around the large mass as he fingered her pussy. She pushed her hips farther down, eagerly wanting the finger to explore deeper inside her.

"Oh fuck." Sora felt his cock grow at the sounds of Kairi's moans. He stuck his ring finger inside her stretched pussy and thrust both fingers in and out at a rapid pace. Kairi grasped the sheets for dear life and moaned louder and louder. Sora felt the cum flooding down her legs and onto the bed. He suddenly pulled his fingers out to Kairi's dismay and shoved them in the back of her throat. He moaned at the sight of her tongue swirling around his fingers, licking every drop of cum. He imagined her giving him one hell of a blow job and felt the precum ooze from the tip of his cock.

He suddenly began to kiss her neck tenderly and trailed down her collar bone, chest and stomach until he met the elastic of her panties. His fingers swiftly pulled them down her skinny legs and threw them with the rest of the clothing on the floor. Kairi blushed as he stared at her swollen and pink pussy with lust in his eyes. She suddenly felt his tongue flick her clit and send waves of pleasure up her stomach. Sora shoved his middle finger inside her and sucked her clit simultaneously. The pleasure was almost to the point of being unbearable and Kairi squirmed viciously. Her lover removed his finger and shoved his face deep inside her warmth. His tongue entered her wet pussy, savoring the sweet taste. Kairi's moans where like music to his ears and his hands dug into the flesh of her inner thighs. Her head was thrashing all around violently and her chest heaved rapidly.

"Oh god...I can't take it! Fuck me Sora! FUCK ME!" Kairi cried and squirmed against Sora. His head popped up suddenly from eating out her pussy. The sight of cum dripping from his chin drove the red-head insane.

"What do you want?" Sora was now teasing her, rubbing her clit ever so gently.

"I want you inside me!" No more had to be said. Sora positioned himself between Kairi's legs and removed her bra violently. Their bare skin pressed together and their chests touched as Sora placed the head of his large cock at Kairi's entrance. She hooked her arms underneath his and grasped his shoulders like her life depended on it. Pain pierced her entire body as Sora slowly entered. He gave Kairi a moment to adjust to his large cock being inside her tight pussy and she nodded for him to go farther. As he began to thrust slowly in and out, the pain turned into bliss.

Sora soon was forcefully thrusting inside her and earning a million moans and screams of pleasure. He leaned downward and snatched one of her harden nipples in his mouth. The pleasure was extraordinary and had the two young lovers on the edge. Sora suddenly pulled himself out and flipped Kairi on to her stomach, shoving her face into the sea of pillows and keeping her ass high in the air. He immediately shoved his cock deep inside her dripping entrance, fucking her dogie style. He slapped her plump ass harshly, leaving red streaks. His fingers rubbed her puckered asshole and earned arousing and muffled whimpers from Kairi.

"Oh fuck yes!" She cried and raised her head up. Sora snatched a

large chunk of her crimson red locks and pulled forcefully, causing her to gasp for air. He slammed deeper inside her and she could feel the pleasure all the way up her stomach.

"Cum inside me Sora!"

"I'll cum if you cum..." Sora whispered into Kairi's ear. His words sent shivers down her spine and she gave in, allowing her orgasm to explode throughout her body. She felt Sora's sperm flood through her pussy and both of them moaned as they came together. Sora pulled out and collapsed on to the bed. Kairi quickly joined him and rested her head upon his firm chest. His sperm dripped from her pussy and on to the comforter. They both laughed lightly and Sora wrapped his arms around Kairi He enjoyed the sensation of their naked bodies entwined together. They panted heavily and felt the numbing pleasure wash over them.

"I love you so much Sora."

"I love you more, Kairi."
